

Success Story

Kintetsu, USA

The Client

A member of the large Japanese conglomerate, the Kintetsu Group, Kintetsu World Express has been a key player in the global transportation and freight forwarding industry since 1948. Operations began in the United States in Chicago in 1969; since that time, KWE USA has followed an aggressive growth program to become one of the largest forwarders in the US recognized for our quality of service and dedication to building partnerships with our clients and suppliers. Today, KWE USA employs over 500 logistics professionals at 45 offices in 37 cities.

The Challenge

Kintetsu owned a 32,000 square foot building, which they had outgrown and wanted to create a more flexible facilities environment.

The Solution

NAI Robert Lynn sold their building and moved Kintetsu to a 44,000 square foot lease space with a landlord capable of accommodating future and short term growth.
